HOA CORNER○

ITCH, OUCH, SCRATCH, IT'S BUG SEASON!

Whether you are attacked while working in the garden, enjoying a picnic in the park or lounging by the pool, bug bites and stings are an inevitable summer annoyance. At best, bites and stings can be uncomfortable for a few days.

Here are some tips on how to relieve the itch or sting and when to know if you should seek medical attention:

Stay alert for delayed symptoms around the bite or sting, like redness or swelling, which could indicate an infection or other condition. See a doctor right away if you have a headache, fever or joint pain within a few days of being bitten. Most important, use insect repellent when outdoors and wear light-weight, light-colored clothing over arms, legs and feet to keep insects off your skin, and avoid wearing perfume and fragrances, which can attract bugs.

If you have any questions please contact C.I.A. Services, Inc. at CustomerCare@ciaservices.com or 713-981-9000.

Thank you,
CCRCA Management Team
